

Bethel Un-Puzzled Credz

This class has been a desire of mine for many years. I have tried to do it multiple times, but always succeeded in making it too complicated and not what I had ultimately envisioned. Then I “met” Dr. Downs and also The Bible Project who obviously had the same vision as I am sure many do. Therefore, most of the material you encounter is comprised of these two areas – however a lot of the teaching and other material is a culmination of many good mentors and material. - Troy Christmas

Overall

- Lessons 1 – 10 comprised largely from Dr. Bert Downs from his class: Bible Survey: A Big Screen Perspective! *Found on BiblicalTraining.com*
- The video series all from The Bible Project video series.
- Thanks for wonderful feedback and attention from Bethel Filters Home team where this class was first tested.
